- Fluent Spanish

Contract Projects

DD Sparkle Cleaning [[Demo](#) | [Code](#)] - Full Stack Development

- Applied functional programming practices with TypeScript to increase productivity and efficiency.
- Maintained high performance and high Seo ratings by utilizing Next.js' server-side rendering feature.
- Used the Email.js library to enable users to send emails to me directly on the website.

Technical Projects

Tax Tracker - Full Stack Development

- Tax tracker's CRM improvements led to an increase in client satisfaction and client retention.
- Developed an Electron.js client desktop application to consume my Adonis.js Rest API.
- Made data models using Adonis's ORM built-in package to map out how data would be saved on a MySQL database.
- Used Axios HTTP methods to fetch data from the Rest API, and handled responses error.
- Implement the Ant Design library to make a modern and responsive Interface.

P'Unity [[Demo](#) | [Code](#)] - Front End Development

- The upgrade of Punity to a modern stack enables faster feature launches and implements an architecture more suited to collaborative development efforts.
- Built Punity's frontend with React.js and Styled Components library for styling.
- Designed UI components and pages on the Figma design tool and implemented the new features with responsive UI to provide mobile users accessibility.
- Worked and Communicated with team members weekly to discuss project requirements and progress. Collaborated on Github to maintain a codebase.

Work Experience

Tax Consultant & Translator

Cherryfield Tax Service *March 2021 - Present*

- Provided bookkeeping, accounting, payroll, data entry, documentation, file organizing, and customer service [Spanish speaking included].
- Applied my web development skills to improve the company's website to improve navigation.
